EAST SEARCH Search String	compound and map and distance 1 and (similar\$5 or dissimilar\$5) 2 and (compound same map same distance)	t L3:	Monarda plant named `Petite Wonder` Thermosetting resin composition and semiconductor device using the same Use of radionbarmaceuticals and intraoperative radiation probe for delivery of	medicinal treatments  Linear antigen supporting units	Combinatorial material analysis using X-ray capillary optics	Methods and devices to expand applications of intraoperative radiation probes Protecting groups with increased photosensitivities System, method, and computer program product for representing proximity data in a multi-dimensional space.	In a muni-uniteristorial space Inhibitors of .betalactamases and uses therefor Metal mediated serine protease inhibitors Method, system, and computer program product for representing	similarity/dissimilarity between chemical compounds  Computer implemented method for visualizing data relating to chemical compounds - in which user selects compounds to map, and also method for evaluating similarity or difference between compounds, and non-linear map representing evaluation is displayed Calixpyrroles, calixpyridinopyrroles and calixpyridines	Potentiating metal mediated serine protease inhibitors with cobalt or zinc ions	molecules using validated molecular structural descriptors  Method for selecting an optimally diverse library of small molecules based on validated molecular structural descriptors
